Science Gateway

- URL:
 - <http://athena.jhuapl.edu>
- Separate from the main RBSP website which is primarily an EPO site
- There will be links between the main RBSP website and the Science Gateway

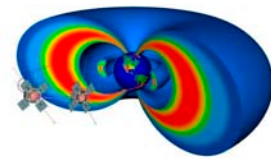

Gateway Overview

- Gateway is just an architecture
- Resource for the Scientific Community
- We expect it will continue to evolve and expand over time
- Host for data, tools and services you would like to provide to the broader scientific community
- Host for summary plots

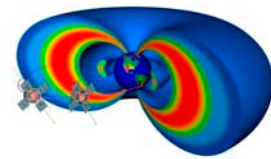

Science Gateway Access

- Portions of Gateway have restricted access for:
 - MOC data products (restricted to instrument teams & collaborators)
 - Posting of comments/threaded discussions, uploading files (necessary for security reasons)
- Individual user accounts have been created for all members of the RBSP SWG
 - If somebody else needs access, they just need to let us know or put in a request themselves
- **Please don't share accounts**

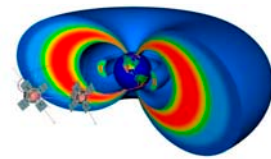

Gateway Features

- Access to MOC data products
- Access to Space Weather data products
- Links
- Tools/Services
- Threaded discussions
- Publications

Access to Gateway

- Can we enable the link between the main RBSP website and the Gateway?
